

FOR WOMEN ONLY.

There are good and substantial reasons why intelligent people and physicians as well, employ Dr. Pierce's Favorite Prescription for the cure of diseases and weakness peculiar to women.

In the first place, it is not a cure-all, serving only a singleness of purpose, being a specific for one class of diseases only—those peculiar weaknesses and maladies incident to women. Besides it is the only medicine put up for sale through druggists for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised. All this will be learned to the reader's full satisfaction by perusing a booklet of extracts compiled by Doctor Pierce from standard authorities of the several schools of practice, and which will be sent free to any address on request for same, mailed to Dr. R. V. Pierce, Buffalo, N. Y.

In the second place, Dr. Pierce's Favorite Prescription is the only medicine for women's peculiar weaknesses and ailments, all the ingredients of which are printed upon the bottle wrapper in plain English, so that all who take it may know exactly what they are using.

A further reason for the unprecedented popularity of the "Favorite Prescription" of Dr. Pierce for the special use of women, is to be found in the fact that it contains not a drop of alcohol—pure, triple-refined glycerine, of proper strength, being used instead, both for extracting and preserving the medicinal principles extracted from the roots of native, medicinal, forest plants as are employed in its make-up. The printed formula will also bear witness that it contains no narcotics or other harmful or habit-forming drugs, being entirely made up of glyceric extracts of native, American plants of marvelous efficacy in the cure of the diseases peculiar to women.

Now, in this connection, it is well to bear in mind, that, curious as it may seem, yet it is a fact that Dr. Pierce's Favorite Prescription is the only medicine for the cure of women's peculiar weaknesses and ailments that does not contain alcohol and that too in large quantities. This fact can be easily proven; and yet it is a fact well known to all the best physicians that alcohol, even in small quantities, when long continued is very harmful, and especially so to weak, invalid, nervous women. While the effect of spirituous wines and liquors, sold under various evasive names may at first be to excite, brace-up and unduly support the system for a brief time, yet a reaction comes sooner or later and the patient is worse off than before. Besides, a craving for alcoholic stimulants has gradually fastened itself upon the poor, deluded, suffering woman—a malady generally more to be dreaded than the original affliction.

Furthermore, Dr. Pierce's Favorite Prescription has a record of cures extending over a period exceeding one-third of a century and embracing more genuine cases of full and complete recovery than any other medicine in its line can boast of. Thousands have been saved from the operating table and the surgeon's knife by the use of this marvellously efficacious specific for women's ailments. Other thousands have escaped the disagreeable ordeal of the doctor's questioning, and offensive examinations by taking this remedy and being cured in the privacy of their homes. It has cured thousands of bad, obstinate cases in which doctors had failed and in which cures were thought to be impossible.

What it has done for others it will no doubt, do for you, if similarly afflicted, and you give it a good, fair and faithful trial.

In favor of Dr. Pierce's Favorite Prescription being regarded away above the secret patent medicines of our time, is the

frank, confiding open, honest statement of its full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of afflicted women will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of this medicine.

If suffering from backache, sideache, periodical headaches and other recurring pains at more or less regular intervals, disagreeable drains as if from pelvic catarrh, sickening sensations, dizziness at times, monthly irregularities, bearing-down or dragging-down sensations in the lower abdomen or any of the many kindred distressful and painful symptoms which accompany female weaknesses, then you cannot find any remedy quite so perfectly adapted for the cure of your malady as Dr. Pierce's Favorite Prescription. Bear in mind, it is not a secret nostrum, is not a patent medicine, to the use of which most intelligent people object because of the close secrecy with which the formula of such medicines are held, and which, no matter how many times harmful in the long run, especially as all those for women contain large quantities of alcohol and oftentimes objectionable ingredients. The only wise and safe course is to use only medicines of known composition, and which, like Dr. Pierce's Favorite Prescription, contain no alcohol or harmful habit-forming drugs.

The exact proportion of the several ingredients used in Dr. Pierce's medicines, as well as the working formula and peculiarities of their manufacture, are withheld from publicity that Dr. Pierce's proprietary rights may not be infringed and trespassed upon by unprincipled imitators and those who may be pitifully inclined.

For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than Dr. Pierce's Golden Medical Discovery. The Golden Seal root, Stone root, Mandrake root and Black Cherry bark, entering into its composition are all recommended by such eminent authorities as Dr. Hartley, of Jefferson Medical College; Prof. John King, author of the "American Dispensatory"; Prof. John M. Scudder, late of Cincinnati; Dr. William F. Allen, author of "Pain's Epitome of Medicine"; Dr. J. C. Watson, M. D., Medical Dept., University of N. Y.; Prof. Edwin M. Hale, M. D., Professor of Modern Medicine in the Hahnemann Medical College, Chicago, and many others, as remedies for indigestion and dyspepsia, torpid liver as well as bronchial, throat and lung affections, as will be seen from reading a little booklet recently compiled by Dr. R. V. Pierce, of Buffalo, N. Y., which will send the same on request, by postal card or letter, to any address, free. This little booklet tells of what Dr. Pierce's medicines are made, and gives the properties and uses of each and every ingredient entering into their composition. Write Dr. Pierce, as above and receive it by return post.

Queen's root, or Stillenia, is an ingredient entering into the "Golden Medical Discovery" highly recommended by several of the above mentioned authorities for the cure of chronic or lingering bronchitis, throat and lung affections, public speaker's sore throat attended with hoarseness, dry, rasping cough and kindred affections. Not only is Queen's root specific in its curative action in all these affections, but in "Golden Medical Discovery" it is greatly assisted by the combination with it of Golden Seal root, Stone root, Black Cherry bark and Bloodroot, with which it is blended in just the right proportion.

Sick women are invited to consult Dr. Pierce, by letter, free. Thoroughly they avoid the disagreeable questioning from which most women shrink as well as the still more repulsive examinations which are generally unnecessary. All letters of consultation are regarded as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

How to preserve health and beauty is told in Dr. Pierce's Common Sense Medical Adviser. It is free. For a paper-covered copy send Dr. Pierce as above directed, 21 one-cent stamps to cover cost of mailing only; for cloth binding \$1 stamp.

Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so help to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

CITY WILL KEEP HANDS OFF WORK

Manager of Bitulithic Company Explains Situation.

City Lighting Plant Plans Not Considered Until Next Monday At Meeting.

THE BOARD OF PUBLIC WORKS

The board of public works heard a report from Supt. Bradley, of the Southern Bitulithic company, Nashville, which has the contract for rebuilding Kentucky avenue and Jefferson street, yesterday afternoon.

Supt. Bradley stated that his firm had succeeded in securing the release of their contract with Robertson and Gardner for the grading work on the streets, a preliminary to spreading the bitulithic compound. He promised to have the street work on both thoroughfares finished within sixty working days and the pavements finished within two weeks after the street work.

The matter of remodeling the city lighting plant was postponed until Monday night, when a special meeting will be called. Several members of the joint light committee were absent and also one member of the board of works.

A report of an order for a big sewer pipe to drain the hollow between Third and Fourth and Harrison and Madison streets was filed. The pipe will arrive in a few days.

Street Inspector Alonzo Elliott was instructed to buy 400 feet of hose from the fire department at 25 cents a foot. It will be used in flushing gutters and such work.

Street Inspector Elliott was also instructed to give Mayor Yeiser 80 feet of curbing to take the place of stone taken from the mayor's property.

It was ordered that 400 loads of dirt be spread on the hospital lot at Fourth and Clay streets the expense to be paid by the hospital board.

The Home Telephone company was granted permission to lay conduits between Fourth and Ninth streets on Kentucky avenue. The telephone and Paducah Light and Power company are to use the same poles on this street.

A petition for water mains extended to Rowlandtown was referred until street improvements, necessary to the extension, are made.

Bids for building a concrete culvert to replace the old wooden bridge on Caldwell street near the depot were ordered advertised for, to be opened June 29.

A guard fence was ordered built on Broadway beyond Fountain avenue.

The Gas and Fuel company was granted permission to put down new gas mains on Ninth street from Broadway to Jefferson street.

The matter of buying property from A. N. Sears in Tyler to prevent litigation in the draining of that section was referred.

SCENE OF COLOR AND ANIMATION

Senior Class Night Exercises are Happy Departure.

Without Drag Whole Program Consistently Carried Out At High School.

LARGE CROWD IN ATTENDANCE

When the curtain was drawn aside last night disclosing the graduating class of the High school, it revealed instead of the pure white of the formal graduation, a scene of much color and animation. It was the last night of the class exercises, and was a departure from similar occasions in the past, in that some of the features which have always been a part of the regular graduation, were transferred to this senior class night.

The program was carried out in full and without any hitch. Interspersed in the program were vocal and instrumental selections which relieved and enlivened the evening's entertainment. From the "Address to the Class" to the "Class Wish," the entire program showed much care in preparation, and instead of a lot of detached features, it was a connected whole.

The Spade exercise, in which one member in behalf of the graduating class presented to a representative of the junior class a spade as an emblem of labor without which no real success in study or in other lines of endeavor can be attained, was well executed by Will Bell for the seniors and Bell Nicholls for the juniors. The "Advice to Seniors," the "Class Poem," and the "Address to Juniors" were in verse written by the members themselves. All the numbers were enthusiastically received by the relatives and friends, who filled the auditorium and the ease and lack of either haste or halt with which the program was carried out, made the evening one of exceptional enjoyment.

There are but two boys in a class of eighteen and this hopeless preponderance of the feminine bids fair to make mere man struggle for his boasted superiority in the years to come. The semi-circle of girls was flanked by a boy on each side and reinforced at the middle by another, though one of these was borrowed for the occasion. Tomorrow night the formal presentation of diplomas will take place.
